Task Modal

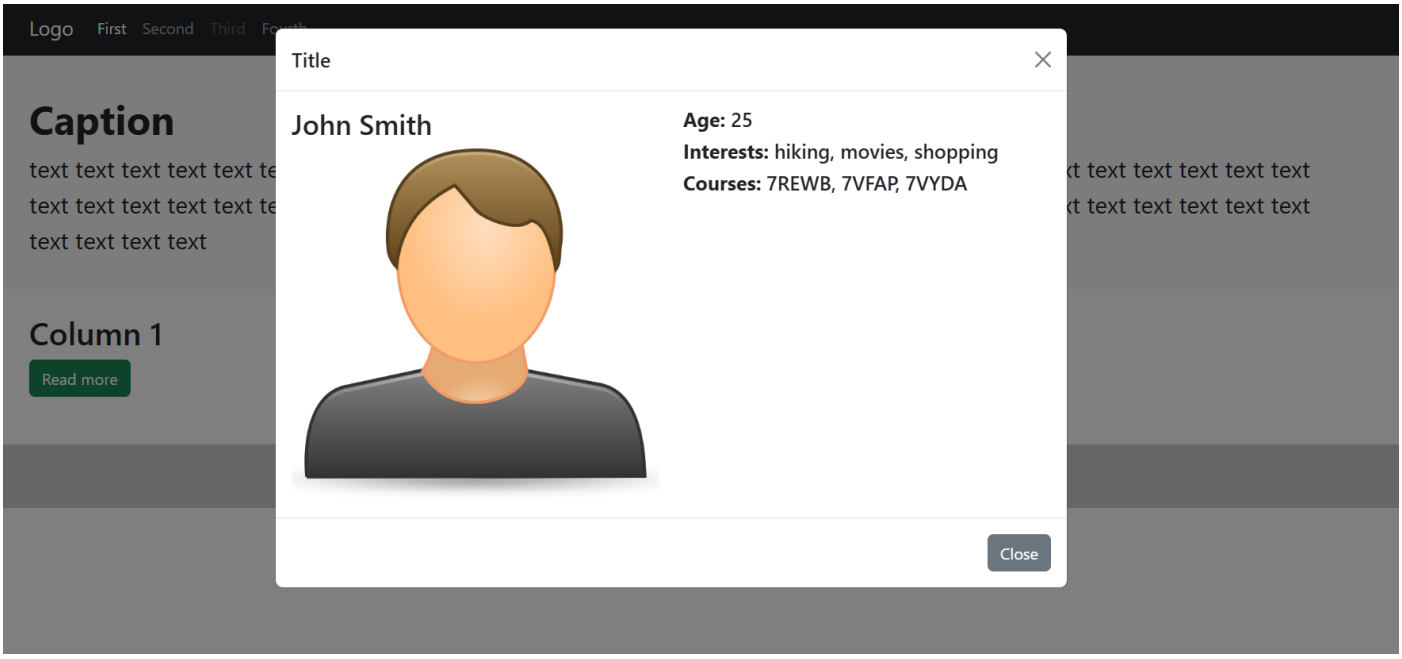

Create a new modal window on the main page of the Bootstrap website from the practice.

First, create a new Modal Window button in Column 3:

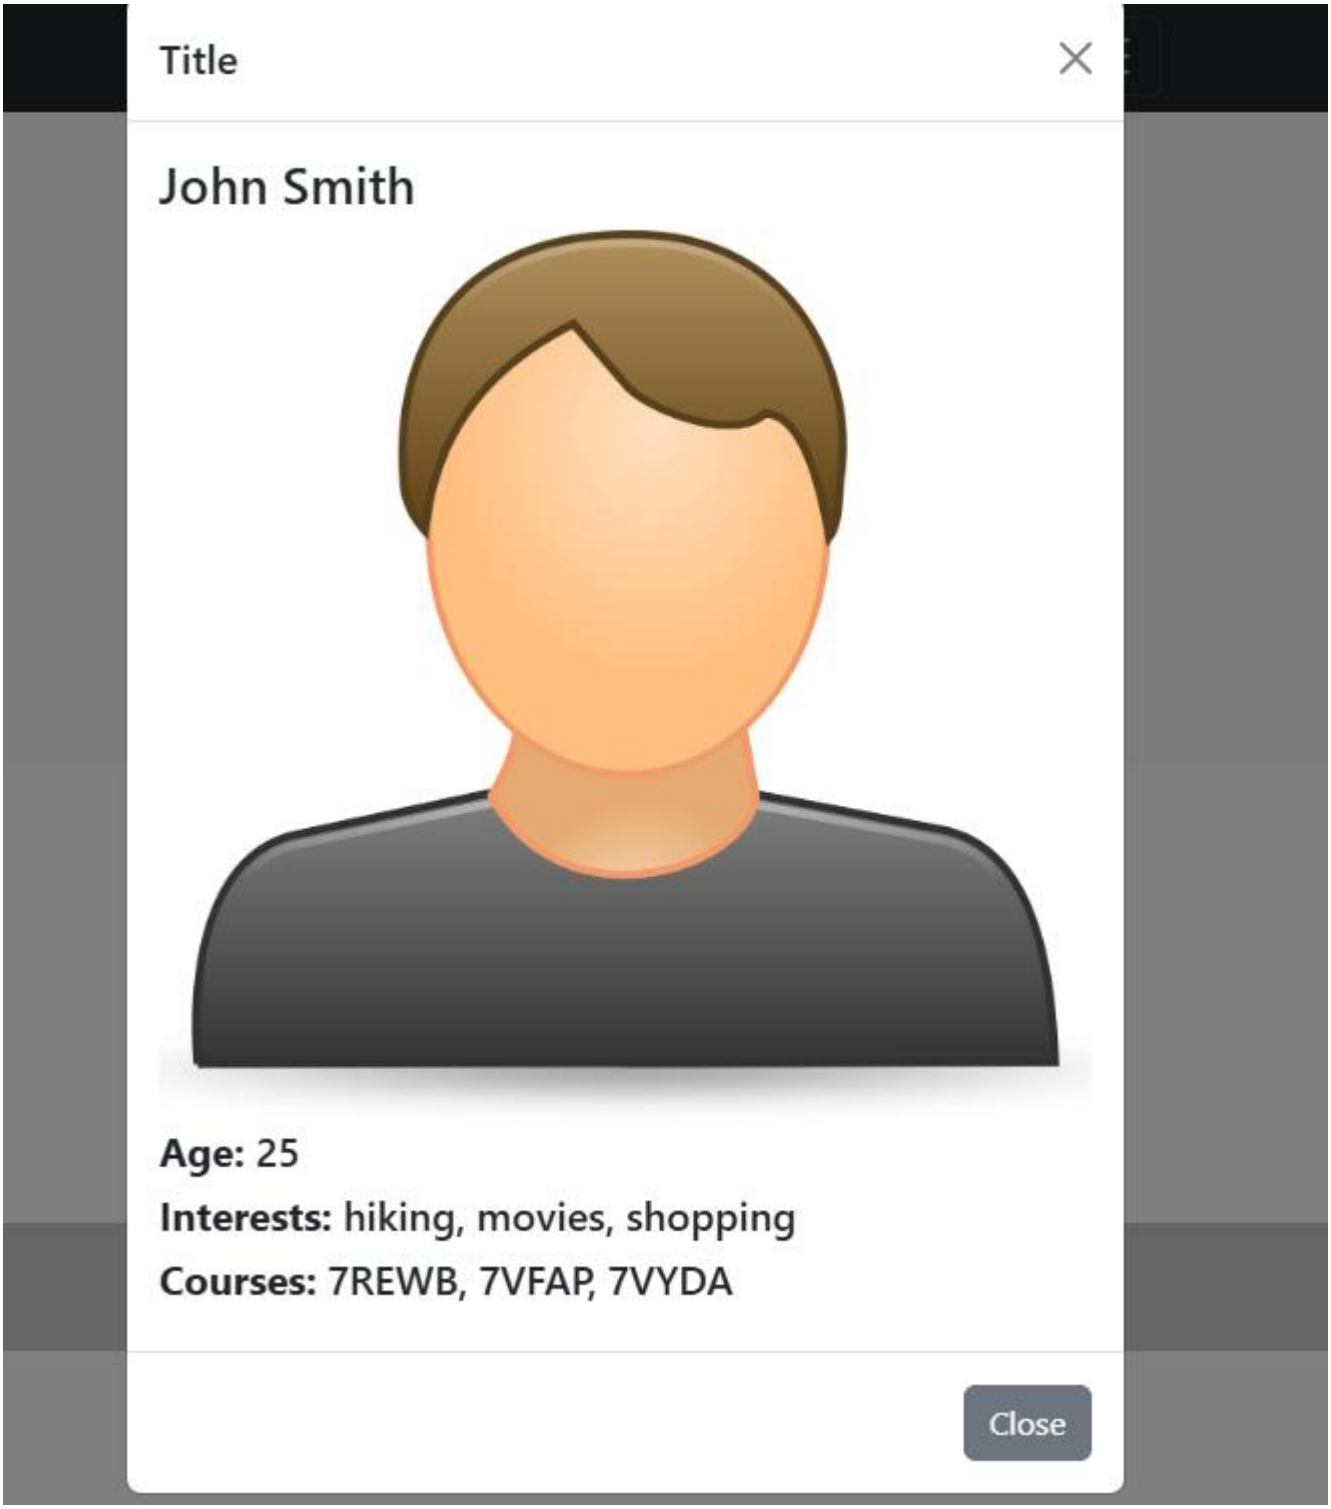

After clicking the Modal Window button, a modal window will open, which will contain:

- PC view (large devices):
    - On the left - your name + picture (can remain original) - column size 50% size, on the - right your age, interests, subjects - column 50%
- Mobile view (small devices):
    - Your name + picture (can remain original) - column size 100%, below that your age, interests, subjects - column size 100%

PC view:

Mobile view:

Output will be presented at next practice.
